Results of an Early Classified Investors Tender in connection with a Potential Offerings of a New Series of Debentures in Israel

Ellomay Capital Ltd., or the Company, hereby announces that the Company completed the institutional and classified investors tender, or the Institutional Tender, in connection with the offering, in Israel only, or the Offering, of a new Series C Debentures. The Institutional Tender followed the previously announced publication in Israel of a prospectus for the Offering. The maximum offering amount was updated to NIS 90,000,000 (approximately \$25.4 million).

At the Institutional Tender, the bidders submitted early commitments to place orders for approximately NIS 182 million par value of the Series C Debentures at the public tender, of which the Company intends to accept commitments in the aggregate amount of approximately NIS 86.5 million (approximately \$24.4 million). The early commitments that will be accepted are at an annual interest rate of no more than 3.3%, which will be set as the maximum annual interest rate in the public tender (to the extent carried out). The Series C Debentures are offered at par value. The early commitments received in the Institutional Tender are binding and in consideration for making the early commitments the institutional and classified investors will receive an early commitment commission of 0.5%.

The Offering and the issuance of the Series C Debentures is subject, among other things, to the approval of the Company's Board of Directors, to the completion of a public tender and to the approval of the Tel Aviv Stock Exchange for the listing of the Series C Debentures. There is no assurance that these conditions will be fulfilled.

The date of the public tender, including the final structure of the Offering, will be published in Israel by the Company in a Complementary Notice in Hebrew. For additional details see the Form 6-K submitted by the Company to the Securities and Exchange Commission on July 15, 2019.

The Offering described in this report, if made, will be made in Israel only and not to U.S. persons. The Series C Debentures, if offered, will not be registered under the U.S. Securities Act of 1933, as amended, and will not be offered or sold in the United States without registration or applicable exemption from the registration requirements according to the U.S. Securities Act of 1933. Nothing in this report constitutes a public offering or an invitation to purchase the Series C Debentures.
